

The 1983-84 freshmen class is composed of students from sixteen states, the greatest majority from Indiana, Illinois, and Ohio respectively. As of August, Saint Joseph's College enrolled 323 freshmen and 26 transfers totaling 349 new students for the academic year. Total enrollment for 1983-84 is 978.

According to the Admissions Office Freshman Class Profile, the averages of SAT/ ACT scores, high school GPA, and class rank are significantly higher than the averages of students over the

past three years. Because of the higher grades and scores, the number of Trustee Scholarships awarded has grown from 66 in 1980-81 to 89 in 1983-84. In order to qualify for a non-need Trustee Scholarship, a student must be in the top 15% of his/ her high school class and must have an ACT score in excess of 23 or a SAT composite score of over 1,000.

Of the 323 freshmen, 140 ranked in the top 20% or higher of their high school classes.

The Admissions Office would be pleased to hear from alumni who know of prospective students for the 1984-85 academic year. Saint Joseph's has a variety of financial aid programs to help reduce the expenses of attending Saint Joseph's. Alumni who would like to help in the recruiting effort are encouraged to contact David Hoover, Director of Admissions, (219) 866-7111, ext. 163.

Profile Of S J C Freshmen

S J C Coffee Club . . . Serenely Soporific

The SJC Alumni Coffee Club was born in September 1982, without fuss or fanfare as befits an organization that chooses to be free of responsibility and obligation. A donation to the Annual Fund buys a coffee mug imprinted with the college seal and the date of the year of membership. Each year the mug's imprint is a different color: 1982 was black, 1983 is red.

The response of the Alumni/ae was and is gratifying. We sent out some 500 mugs and the proceeds helped Saint Joseph's meet a \$50,000 chal-

lenge grant from the Associated Colleges of Indiana.

The Alumni Coffee Club makes no demands on time or energy. To the contrary, it encourages sanguine relaxation (coffee mug replete with whatever the nature of your favorite liquid) by home and hearth in calm togetherness or quiet solitude. The Club takes a firm stand against the hustle and bustle of hi-tech frenzy, and, while it doesn't exactly pretend to stop the world so as to let us get off, it would like to help slow it down a little.

A \$50 (or more) contribution to the Annual Fund will guarantee enrollment in the ranks of the SJC Alumni Coffee Club where stress is discouraged and tension unwound. It's not free, but you know what they say about the free lunch. It's definitely cheaper, though, than a psychiatrist, more constructive than beating the dog, and less messy than breaking eggs in the kitchen sink.

The 1983 Coffee Club mailing will go out shortly. We hope you will calmly and stresslessly join us in this soporific nonactivity.

Faculty Update

Five faculty members earned promotions, and three new members joined the SJC teaching staff this academic year.

Dr. David Chesak was promoted to Professor of Physics and Mathematics. Dr. Chesak received a B.S. from Purdue University in 1958, a M.E.E. from the University of Louisville in 1963, and a Ph.D. from Ohio University in 1971.

Sr. Karen Craig was promoted to Associate Professor of Education with tenure. Dr. Craig received a B.S. Ed. from Carlow College in 1964, a M.Ed. from Pennsylvania State University in 1970 and an Ed.D. from the University of North Dakota in 1973. Dr. Craig also earned a B.S. degree in Psychology from Saint Joseph's in 1982.

Dr. David Osterfeld was promoted to Associate Professor of Political Science with tenure. Dr. Osterfeld received a B.A. from Saint Joseph's in 1971, and his M.A. and Ph.D. from the University of Cincinnati in 1974 and 1977 respectively.

Brother James Mignerey was promoted to Assistant Professor of Communications and Theater Arts. He received his B.S. from Saint Joseph's College in 1974, and his M.A. from the University of Akron in 1980.

Mr. David Owens was promoted to Assistant Professor of Economics. He received his B.S. from Saint Joseph's College in 1975, and his M.A. from Ohio State University in 1978, where he is also a Ph.D. candidate.

Among the new teaching faculty is Aykut Akdag, Instructor of Computer

Science, who comes to SJC from Texas Technical University, Lubbock.

Dr. Margaret Humadi is Assistant Professor of Education. She was assistant professor and educational consultant in reading, language arts, and testing materials at Southern Illinois University, Carbondale.

Dr. Nina Ray is Assistant Professor of Marketing. Dr. Ray was a lecturer and part-time instructor at the Texas Tech College of Business Administration.

Computer Capability Expanded

The need to advance computer capability for student use and administrative efficiency is a part of SJC life as it is of every other institution interested in providing the best high-tech exposure possible.

Last year a GIMIX micro-computer was installed to provide a system for teaching simple computer languages. The IBM System/ 34 was replaced by a new Prime 2250 computer and new Prime 550 computers which are faster, more powerful and able to support a wide range of languages and data.

The offices of Admissions, Financial Aid, Development and Alumni Affairs, Financial Affairs, and the Registrar will be linked via terminals to the computer center to facilitate considerably access to data, improve accuracy, and allow expansion of data input.

It is estimated that the new system will meet the needs of Saint Joseph's for the next five to seven years.

Renewal Campaign Goes Nationwide

Throughout this last year, the "Renewal — SJC Into Tomorrow" campaign has continued to gather support from alumni across the nation. Our \$7 million goal is close to being realized, with pledges of \$6.5 million in place and \$2.5 million paid in.

But there is a wrinkle in the cloth, and we are by no means home. The prestigious \$400,000 National Endowment for the Humanities' three to one matching grant which was awarded to Saint Joseph's College in the spring mandates that we raise an additional \$1.2 million to receive the grant. Quite simply, there is a lot of hard work ahead. The campaign and development staffs will be traveling from coast to coast during the next seven months meeting with alumni and friends to continue to present the Saint Joseph's story, its mission, its goals and its hopes and dreams for the future. Survival is not the aim; growth and excellence in education are.

No matter how much the search for funds may appear an anti-intellectual endeavor, money pays the bills, provides scholarship support, allows the

Brother Von Hagel

Brother Gerard Von Hagel, C.P.P.S., will serve one more year as Executive Director of Alumni Affairs. He has served in this capacity since 1979.

Brother Gerard has been with Saint Joseph's College since 1953 having variously served as Assistant Dean of Students, Director of the former Student Center, Raleigh Hall, and Director of the C.P.P.S. Brother Formation Program.

addition of new curricula, improves library holdings, upgrades facilities and quite clearly affords an institution of higher learning to become the kind of place from which its students receive the intellectual and technical training that lets them compete in a competitive world. Alumni/ ae largely understand the necessity, and the welcome representatives from the college have received has been warm and generous. We are deeply grateful.

Father Robbins Publishes S J C History

Father Charles Robbins, retired Registrar, has written and published a history of Saint Joseph's College which chronicles the college from its inception to the present. "The book gives a year-by-year account," Father Robbins said, "of the highlights — persons and places — of the college. People who come to the school, even those long associated with it, have felt a need for such a book. I hope this work will fill the gap."

Saint Joseph's College - A Chronology can be purchased through the Office of Development for \$6.50. For those who wish to order it by mail, please add \$1.50 for postage and handling and write to the Office of Development, Saint Joseph's College, Box 870, Rensselaer, IN 47978.

Whatever profit is made on the publication will go to the Endowment Fund as part of the Renewal: SJC Into Tomorrow campaign.

president's corner

Father Charles Banet

With the 1982-83 academic year underway before we even realize that the summer is over, we step back to consider what it is exactly we are up to: what the aim should be for us as educators and what the aim should be for the students we are educating.

The goal at Saint Joseph's College is to educate young people to face the challenges of life with insight, intelligence, spiritual wisdom and sensitivity.

The goal of students should be to accept that challenge and to give the

best of themselves to the education process.

A college education is desirable because it helps get better jobs, one often hears. This is a calculating, materialistic view of life. The primary purpose of a college education should be to free us, our minds, consciences and souls from prejudice and narrow traditions. Education should civilize, cultivate and humanize, and bring us in touch with that which is best in us.

At Saint Joseph's College, it is our aim to educate within a Catholic perspective, not only for the market place, but for an appreciation of life in all its complexity and beauty, to broaden views and concepts, and to make judgments based on enlightened faith and knowledge and critical reasoning.

I welcome new and returning students on campus. I pray that their educational experience at Saint Joseph's proves as important as we try to make it. Much depends on the students themselves and how much effort, energy and dedication they bring to the process. When it's all over, I hope they can look back on their years here and say, "It wasn't always fun, but I learned a lot." When that happens, we know we did our part.

Sports In Brief

The beginning of the new school year is a time of anticipation for Puma athletes to display their athletic prowess and for Puma fans to become more involved with Pumaville.

The football team boasts 25 returning lettermen this season. This year marks the 17th season that Coach Bill Jennings has been at the helm of the Puma attack. Despite last year's record of 4-6, Coach Jennings is optimistic about the potential of his players.

The men's cross country team, under the direction of Dave Smith, is one of the largest teams in Puma history. Twenty runners have been practicing regularly and Coach Smith foresees a strong future for the harriers.

The golf team counts one returning letterman. Coach Dale Anderson, however, is confident of the ability of his young squad. Saint Joseph's will host the Great Lakes Valley Conference Tournament on October 3rd.

Saint Joseph's soccer team, under the new coach Ernest Watson, is hoping for a strong season. The team plays another challenging schedule against such schools as Notre Dame, Loyola, and DePaul.

Coach Linda Taulman is looking forward to an exciting season for the women's volleyball team. Six letter winners will be returning, as well as a host of promising freshmen players. The highlight of the season is an invitation to play in the Air Force Academy Invitational in Colorado Springs, Colorado.

Coach John Barrientos is confident of the ability of the women's tennis team to have an outstanding season. Women's tennis, like many Puma teams, is counting on the ability of freshman players.

Posey Plans Soviet Tour

Dr. John P. Posey, Professor of History, has announced plans to conduct his fourth study tour to the Soviet Union in May, 1984.

Dr. Posey, a specialist in Russian history, says the 1984 tour will include visits to Moscow, the long-time imperial capital of Leningrad and the Georgian Black Sea resort city of Sochi. Cost of the two-week tour is \$1349.

The tour price includes trans-Atlantic and domestic Soviet air fare, all airport transfers, first-class double room accommodations with three meals per day, tours and admissions, and three theater performances (usually ballet, opera and circus).

Special features requested include a boat trip and visits to a zoo, a day-care center, a factory and a hospital. The itinerary is flexible enough to consider requests for special interest visits. Negotiations are under way to arrange an overnight train trip and visit to a collective farm.

Dr. Posey will conduct several orientation sessions during the weeks preceding departure, and participants will be encouraged to attend. Many alumni have participated in the earlier tours. Those interested should contact Dr. Posey at Saint Joseph's College, Box 876, Rensselaer, IN 47978, or call (219) 583-6147 or 866-7111, ext. 237.

Athletic Weekend

The annual alumni basketball game held last April pitted the skills of the odd-year graduates versus the even-year graduates. The odd-years won.

The next athletic weekend has been scheduled tentatively for March 3, 1984. Game time for the alumni will be 5 p.m.

Campus Facelift Continues

The work crews at Saint Joseph's were busy over the summer trying to finish a number of reconstruction and refurbishing projects approved by the Board of Trustees at the time of the launching of the Capital Campaign.

The greatest concentration of funds was directed toward upgrading the college's physical plant with the revamping of the electrical, heating and air conditioning systems for optimum energy savings. It is estimated that these expenditures will be paid back in three years in utility cost savings alone. The roofs of Noll, Bennett, Schwieterman and Dwenger Halls were replaced as were parts of the Chapel

roof and Halleck Center. New guest rooms were added to Schwieterman. Several dormitories received a face-lift with new carpeting laid in Gallagher Hall and student rooms repainted. Many of the rooms are scheduled to receive new furniture. The science labs were upgraded and the McHale Administration building was remodeled, tuckpointed to relieve a water problem in interior walls, window trim recaulked and painted, and offices refurbished.

Most often we don't think much about the activity going on around us. But the results are evident, and never so much as when visitors come to the college and comment with sincerity, "You have a beautiful campus here."

potpourri

Congratulations and best wishes to the new Student Association officers for 1983-84: president **Rob Bridges**, Traverse, City, MI.; social vice-president **Tony Clark**, Frankfort, IL.; secretary **Clare Hillan**, Indianapolis and treasurer **Gail Nelson**, Valparaiso, IN.

Fr. Ralph Verdi's, '69, Magnificat for voices and instruments premiered during a concert at the Catholic University of America in Washington, D.C.

Magnificat, commissioned by the Catholic University Wind Symphony, uses an English text based on the Grail translation of the psalms as found in the new breviary and is scored for brass quintet, woodwind quintet, full choir and soloists.

Fr. Verdi, on leave of absence, is working on his doctorate at the Catholic University of America.

Dr. William Hogan '74, assistant professor of business administration, was elected Professor of the Year for 1982-83 by the Student Senate.

Dr. Hogan joined Saint Joseph's faculty in 1981. During 1981-82 he served as assistant men's basketball coach and business manager of athletics. He was named director of athletics May 1, 1982.

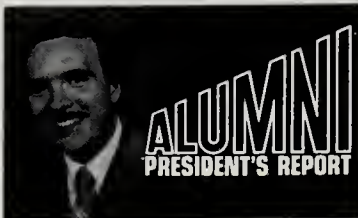

Dr. David Osterfeld '71, associate professor of political science, has received the Father Edwin Kaiser Faculty Scholar Award, given occasionally to a faculty member for outstanding scholarship.

Prior to joining Saint Joseph's faculty, Osterfeld taught at the University of Cincinnati Evening College and worked for the Cincinnati Legal Aid Society. He was named Saint Joseph's Professor of the Year in 1980-81.

New name! New repertoire! New vision! capsulizes the spirit behind "Scarlet Harmony," the 1980's version of the SJC band, directed by **Fr. Lawrence Heiman**, professor of music and founder/ director of the Church Music and Liturgy program. Big-band sounds, jazz, rock and popular favorites replace the traditional emphasis on marches and pep music.

Fr. Heiman reports, "We play a rhythmic smorgasbord. We aim to retain the quality we have developed and increase the quantity, that is, the number of players. An increase in membership is already in the making as a result of the newly-established quarter-tuition band service grants."

Dr. Patricia Robinson, associate professor of sociology and chairman of the sociology department, has been elected to a two-year term as faculty representative on the President's Administrative Council. Dr. Robinson joined the faculty in 1977, after earning degrees from Mundelein College, Loyola University of Chicago, and the University of Notre Dame.

Dear Alumni/ ae,

It is with pleasure and excitement that I enter the presidency of the Alumni Board of Directors. My activity on the Board has spanned some seven years. During that time much groundwork has been laid by past officers thereby enabling today's Board to launch new and varied projects.

The installation of new officers took place at our July meeting on campus:

Ray Merritt '77: V.P. for Alumni Relations. Ray is responsible for coordinating all operations of the Association relating to major alumni events on campus, chapter events and publications involving alumni.

Anna Harris '78: V.P. for Academics and Recruitment. Anna is responsible to coordinate with the respective college administrators all Association activities relating to the recruitment of new students and the encouragement of academic distinction for the college.

Matt Gembala '63: V.P. for Campus Relations. Matt is responsible for coordinating with the respective college administrators all non-financial, non-academic matters involving the alumni with the various bodies on campus, i.e., working with the Placement Office to develop alumni/ae job opportunity contacts for seniors.

Each of these people will, in the next few months, be putting together a team of Board members to function in their chosen areas. I encourage you to contact them or myself with comments and suggestions for future activities of the Association. Letters may be sent to the Board members, c/o The Alumni Office, Saint Joseph's College, Rensselaer, Indiana 47978.

Fellows Unite In Fellowship

The Fellows Dinner, held June 4 in the Halleck Center Cafeteria, distinguished itself by gathering 400 members, one of the largest number of Fellows ever united for the annual event. The dinner honors those persons, past and present, who by contributing \$1,000 or more to the college, join the rank of Fellows. It is a program initiated by Father Raphael Gross, former president of Saint Joseph's College.

Father Charles Banet, President, and Father Paul White, Chairman of the Capital Campaign, distributed the certificates to new Fellows who had joined between June 5, 1982 and June 4, 1983. Persons who were officially enrolled into the Fellows program after that date will be honored next year.

Father Gross Fellows are so honored upon pledging to the college \$15,000 or more or including the college in their Will at \$25,000 or more.

President's Fellows are so honored in recognition of outstanding support of those values and ideals that the college holds sacred.

It gives us great pleasure to list the persons who are new Fellows, Father Gross Fellows and President's Fellows:
